Kimye

‘We are having TWO BABIES!’

They’re getting more bumps than they bargained for

After struggling for months to give her gorgeous little daughter North a much-wanted sibling, Kim Kardashian has confirmed she’s pregnant!

And while that’s reason enough to celebrate, it might be a case of double woohoos, because it’s been revealed the surrogate she and hubby Kanye West hired before falling pregnant is expecting their baby, too!

“They can’t believe it’s happened,” spills an insider. “She’d tried everything she could to conceive, and after months of interviewing women to carry their baby, they finally went ahead with it.”

But as strange as it sounds, Kim’s situation isn’t unheard of among wannabe mums and their surrogates.

Having successfully conceived via a surrogate after doctors told her she was infertile, *Ladies Of London* star Caprice Bourret made a similarly unexpected discovery.

“I fell pregnant a month after our surrogate did,” the 43-year-old US model explains.

As for Kimye, now that they’re over the initial shock, they can’t wait to be parents to two new bundles of joy.

But there could be even more surprises in store, with *The New York Daily News* claiming 34-year-old Kim herself is expecting twins!

WEIGHT WOES
‘I CAN’T GET HUGE AGAIN’

“The last pregnancy I ate a donut every single day, I’m not doing that this time,” confesses weight-obsessed Kim, who’s enlisted the help of a nutritionist to stop her piling on the kilos.

What’s more, after copping criticism for her maternity wardrobe with North, Kim’s keen to enlist live-in stylist Kanye to make her the yummiest mummy around.

“I hope he will! He didn’t help me last timem,” says Kim. “He did after. He was like ‘OK, I can’t take this, I’m going to help you.”

KIM'S BUMP STYLE

Subtle hint there, Kim!

Kim's fertility wins and woes have been played out on *KUWTK*

WHO'S THE SURROGATE?

The 'womb for rent' is fast becoming a Hollywood norm

"Kim has told a handful of people that she had in vitro and that two eggs were fertilised," a source tells the paper. "She is waiting to get an OK from her doctor that both fertilised eggs are healthy."

Which could be just what the doctor ordered for Kimye, who want "three or four kids" but have struggled to conceive.

"Kim's doctors have warned her another natural pregnancy is highly unlikely," adds our insider. "So to get two this time is a bonus."

Indeed, you can't wipe the smile off Kanye's face – the rapper, an only child, has always dreamed of filling his home with kids.

"He's wanted a big family and he's strutting around like a proud peacock right now," adds our insider. "He loves Kim even more for making this miracle happen." ■

Twinning

Model Caprice and her surrogate were pregnant at the same time, just like Kim!

NEVER SAY NEVERLAND!

With Michael Jackson's Neverland Ranch in Santa Barbara on the market, Kanye is "desperate" to buy it for his brood. He also wants $19.5 million knocked off the $131 million asking price!

Nori's chill birthday!

Kim and Kanye never do things by halves, so Nori's *Frozen*-themed second birthday bash on June 15 is going to be one to remember!

Indeed, there'll be no homemade cakes or potato chips at this do, which is tipped to be taking place in the sprawling grounds of Kimye's Hidden Hills mansion.

"Kim's got a budget of $2 million, which she's expecting to go over," reveals our insider.

That's hardly surprising given they're lining up ice sculptures, a skating rink, and real snow to be trucked in for snow castles!

What's more, Kimye are also working on getting *Frozen* star Idina Menzel to serenade Nori!

It looks like she's getting one last hurrah before sharing the love with a sibling or two – something she's looking forward to, we hear.

"She knows that Mummy has a baby in her belly, but she thinks everyone has a baby in their belly," says Kim. "I think she thinks it's my belly button." Too cute!

As she flaunts her fragile frame, friends have serious fears about Miley's increasing drug use

Miley

skinny, s & sto

Heartbroken and thinner than ever, she's going down like a wrecking ball!

Tiny problem
As she hides her collarbone behind a book, Miley's pins look painfully thin!

stressed ned

After having her already fragile heart broken by her love-rat ex Patrick Schwarzenegger, Miley Cyrus didn't turn to ice-cream for comfort – she turned to weed.

And three months on, it seems her $200-a-day round-the-clock habit is taking a serious toll on her health – not only on the 22-year-old's increasingly thin frame, but also on her state of mind.

"When she's high, she makes no sense, she jumps from one topic to the next and rambles on," an insider reveals to *NW*. "Her hygiene's gone to shit, she talks to herself the whole time and over-thinks everything 24/7. It's a total obsession and ruling her life. But what's worse is her paranoia. That's really scary."

Indeed, things seem to have got so serious that Miley will go for days without even leaving the house, fearing she's been followed by the Illuminati – the group conspiracy theorists believe control the world.

Even more worrying, her ongoing use of marijuana has Miles believing she's going to be assassinated randomly, like The Beatles legend John Lennon.

But that's just the tip of the iceberg, with frantic friends convinced the unstable star has started self-harming to cope with her pent-up anger and sadness.

One pal even claims she saw a fresh cut on Miley's arm recently, but the former Disney starlet's closed-off, self-destructive behaviour is making it impossible for those who love her to get through.

> 'WHEN MILEY IS HIGH, SHE MAKES NO SENSE'

"Miley's always using 'dog scratches' as an excuse, but she's extremely vulnerable to going down that dark path and everyone's on high alert," adds our source.

"You just have to take one look at her Instagram account to see how out of it she is most of the time. She's incredibly depressed, a lot of the time she can't be bothered to even shower. She's taken a major hit with Patrick's behaviour, and it's hurt her a lot more than she's making out." ■

JANUARY JONES AT IT AGAIN?

She was publicly linked to Miley's then-fiance Liam Hemsworth shortly before their 2013 split, and those painful memories have been dredged up again now that January Jones has found herself at the centre of another celeb cheating scandal.

The *Mad Men* actress is named in divorce papers between US TV chef Bobby Flay and his wife, *Law & Order: SVU* star Stephanie March, who claims Jan and Bobby slept together in 2010.

"January doesn't think of the family she could break up or the wife who will be shattered," an insider tells US *Star* magazine of the actress, who's also yet to publicly reveal the father of her three-year-old son Xander.

Law and Order actress Steph (below) claims January was her hubby Bobby's mistress!

Ariana's new direction

Her boozy hook-up with Niall

The singletons hit all the right notes with each other

Take two newly single pop stars, marinate in copious amounts of booze and, voila – it's the perfect recipe for a random late-night celebrity hook-up!

One Direction star Niall Horan, 21, looked pleased as punch as he helped Ariana Grande find her way to a waiting car at 3.30am, following a bender at London hotspot Cirque le Soir.

After all, performing in front of 20,000 fans at the O2 Arena as part of her worldwide Honeymoon tour has got to be thirsty work, right?

"They were all over each other by the time they left the club," says a witness. "You'd have to be blind not to see that serious bed action was on the cards!"

'SERIOUS BED ACTION WAS ON THE CARDS!'

Despite their efforts to throw onlookers off the scent by leaving in separate cars, the twosome met up back at Ariana's hotel room, where they partied alone!

Clearly not done with making sweet music, the smitten singers hooked up again the next evening at 10pm.

This time, Ari was busted leaving Niall's Hertfordshire mansion at 3am, after spending five steamy hours together! ■

Things that go bump!

It looks like former One Direction singer and budding solo artist Zayn Malik, 22, might be swapping microphones for midnight feeds amid fevered speculation his fiancée Perrie Edwards is pregnant!

The baby talk went into overdrive when Little Mix singer Perrie was seen tenderly cradling what appeared to be a baby bump at the *Glamour* Women Of The Year Awards at London's Berkeley Square Gardens.

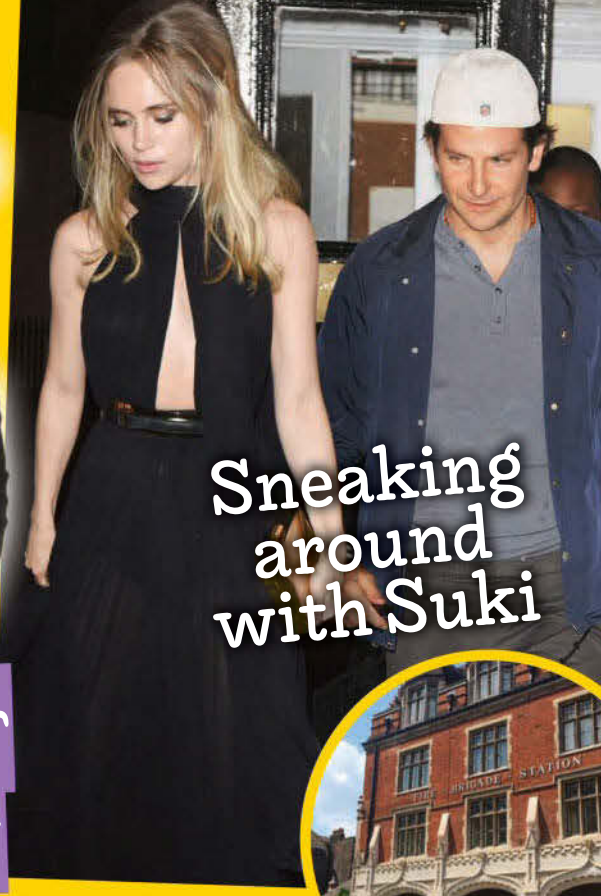

If there is a bun in the oven, 21-year-old Perrie is sure to be over the moon, given that she was gushing to people that she couldn't "wait to get married and have kids" as far back as 2012!

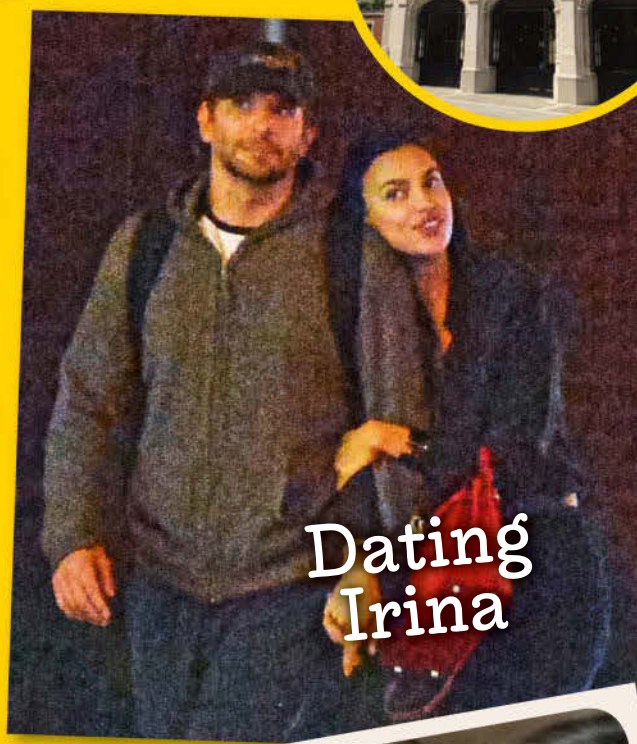

Bradley's juggling act!

Bradley Cooper sure likes to live dangerously! The playboy is playing with fire following suggestions he's cheating on his new model girlfriend Irina Shayk, 29, with his Brit ex Suki Waterhouse! Suki, 23, was busted sneaking into the hotel Bradley's staying at in London just 30 minutes after he returned from starring in a stage production of *The Elephant Man*. Bradley, 40, is meant to be in town for the play, but it seems the only thing he's playing is the field!

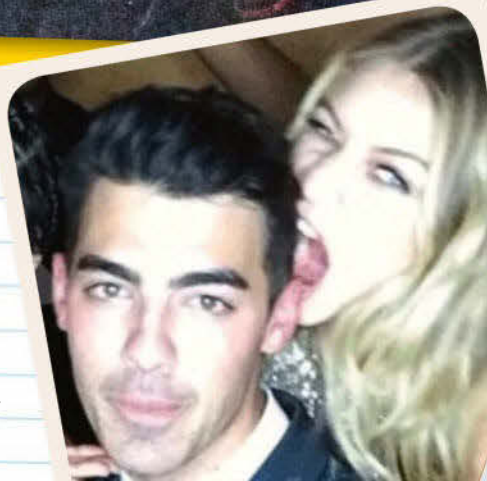

Sneaking around with Suki

Is Gigi getting jiggy with Joe?

Cody who? Gigi Hadid's wasting no time washing her Aussie ex Cody Simpson out of her lustrous mane! The 20-year-old model was seen snuggling up to her ex Joe Jonas, 25, at a CFDA Awards afterparty at the aptly named Boom Boom Room at The Standard Hotel in New York – and an eyewitness reveals they spent much of the night sitting "very close to each other and holding hands". And just days later the pair were spotted cosying up in Toronto. Ooh!

TOP SECRET

To keep Annie Leibovitz's world-exclusive *Vanity Fair* photoshoot under wraps, the cover and feature were laid out on a single offline computer and deleted each night after being saved to a USB stick. It was reportedly even hand-delivered to the printer. So when the cover came out, it shocked the world.

ONE HOT MAMMA!

Cait's former stepson thinks she's a babe! When Kim first sent Rob the cover, he didn't know who it was. "I was like 'Rob, that's Bruce! That's Caitlyn!'" Kim spills. "And he was like, 'Oh my god, she's beautiful!' And then he called her and they had a lovefest and it was so cute."

Hello, Caitlyn! She's conquered the globe, now she's ready to wed again... this time as the bride!

CAITLYN JENNER

My dream wedding!

Caitlyn Jenner isn't one to take things slowly! Having spent more than six decades living in a body she wasn't comfortable with, the reborn reality star isn't wasting one more second checking things off her bucket list for life as a woman.

Step one – make an entrance on the cover of *Vanity Fair*. Check! Next step? Organising her very own dream wedding!

Even though Caitlyn, 65 – who's keeping quiet about her sexuality for now – is yet to find her Mr or Mrs Right, she's making sure all the plans for her fourth wedding are locked in for when the time is right.

"She has every intention of getting married again one day and is already planning her big day as a blushing bride," spills our exclusive insider. "Every girl dreams of their perfect wedding and Caitlyn is no different."

'SHE HAS EVERY INTENTION OF GETTING MARRIED AGAIN'

Luckily, her secluded hillside Malibu mansion is the ideal venue for the wedding of the century. As well as being well hidden from prying eyes, the garden is big enough for a marquee for the ceremony, while the interior of the house is spacious and private.

What's more, the view from Cait's place at sunset is stunning – a beautiful backdrop for wedding photos!

And given they're going to last a lifetime, the photos have to be perfect. Luckily, renowned celebrity photographer Annie Leibovitz, who fell in love with Caitlyn while shooting her for *Vanity Fair*, is keen to take the job.

Of course, any bride's pièce de résistance is her wedding dress. So it's a good thing Caitlyn has already roped in celebrity designer Zac Posen – who was behind some of her outfits for the *Vanity Fair* shoot – to create something special.

"She definitely doesn't want a white dress," spills our insider. "It will probably be like the gold dress she wore in the shoot."

Caitlyn also met her first-choice make-up artist Mark Carrasquillo on the same photoshoot.

"Caitlyn's very paranoid about looking like a drag queen and is on the hunt for the perfect make-up artist for her wedding day. She loved what Mark did on the *Vanity Fair* shoot and she'll be hoping he's available," adds the source.

Meanwhile, Cait also wants to follow the tradition of having a man walk her down the aisle, and her supportive sons Brody and Brandon make the ideal candidates.

And while her special day is going to be an intimate affair – with the guest list including a few close A-list buddies and people from her transgender group – there's

Glam ma'am

Caitlyn found it funny that the nail hue she rocked was called Lady Is A Tramp!

BECOMING CAITLYN

Caitlyn's epic 22-page coming-out shoot for *Vanity Fair* – shot by legendary celeb photographer Annie Leibovitz – oozes glamour and class, proving this is one lady who knows how to make an entrance!

"I didn't want her to look like a man in a dress. I wanted her to look like a beautiful 65-year-old woman," says make-up artist Mark Carrasquillo, who gave Caitlyn a soft look, purposely steering clear of contouring to highlight her naturally attractive features.

And when it came to her chestnut locks, hair guru Oribe looked to Cindy Crawford's wavy tresses for inspiration.

"I wanted to create a glamorous look that I normally do for any woman, and sexuality was very important in this context," he explains. "Bruce was one of the sexiest men alive, and I thought it was equally as important for Caitlyn to be a sexy woman."

With hair and make-up in the bag, it was then over to the stylists, who helped Caitlyn show off her banging new bod on the magazines cover in a gorgeous curve-skimming ivory corset by Tashy Lingerie – in size 14B no less.

And needless to say, a host of celebrated fashion designers jumped at the chance to help showcase the reality star's newly feminine figure!

On top of fabulous frocks donated by Zac Posen, Donna Karan and Badgley Mischka, Agent Provocateur loaned Caitlin a sexy – but elegant – $1190 leather-and-lace bustier.

Of course, no self-respecting woman's ensemble is complete without stunning bling – in Cait's case, a pair of bezel-set crystal earrings costing $1200 from jeweller Monica Rich Kosann.

no way Caitlyn would say, "I do," without all his children in tow.

But whether Cait's bitter ex-wife Kris Jenner, 59, will score an invite is still up in the air, especially after the scathing comments made about her in the *Vanity Fair* interview!

"People would see how I got mistreated," Caitlyn says. "[Kris] controlled the money, all that kind of stuff. A lot of times she wasn't very nice."

But now the dark days are behind her, and Caitlyn is looking forward to a much happier future. Big beauty brands like M.A.C are falling over themselves to work with her in the wake of her glamorous debut.

A lucrative career on the small screen also beckons, with *The Real Housewives Of Beverly Hills* and transgender reality show *Transparent* reportedly keen to sign her up – and that's on top of her own recently announced eight-part E! docuseries *I Am Cait*!

'I'M GOING TO GO ENJOY LIFE. I HAVE NOTHING LEFT TO HIDE'

Yep, Caitlyn's finally giving the world everything she's got.

"I'm just going to go live life, I'm going to go enjoy life," she gushes. "I have nothing left to hide. I am kind of a free person, a free soul."

There's just one more thing Caitlyn wants to achieve.

"The last box left to tick is to find someone to meet up with her at the altar!" adds our insider. "Now she's her true self, she feels she can be a good partner to the right person and find a love that lasts forever." ■

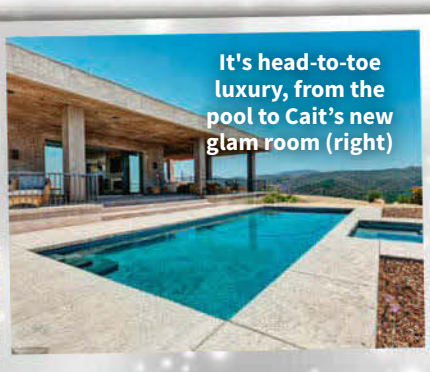

Inside Caitlyn's glam new pad

The Malibu mansion has stunning views

It's head-to-toe luxury, from the pool to Cait's new glam room (right)

"They are very classic and elegant and beautiful," gushed Monica. "And by the way, she looks amazing."

She wasn't the only member of Cait's glam squad to say how special it was to be involved in the groundbreaking shoot, etiher.

"I'm very proud to be included in the roster of chosen designers for such a historic moment," says Zac. "The most important message that comes from this is to be who you are, and feel beautiful in your skin."

As for Caitlyn, the experience was truly transformative.

"The pictures came out over-the-top great. If you're going to come out, you really have to look the part. You have to look very feminine," she says.

"*Vanity Fair* spared nothing doing it right – the wardrobe, everything involved with it and the people were just great. It was two of the best days of my life."

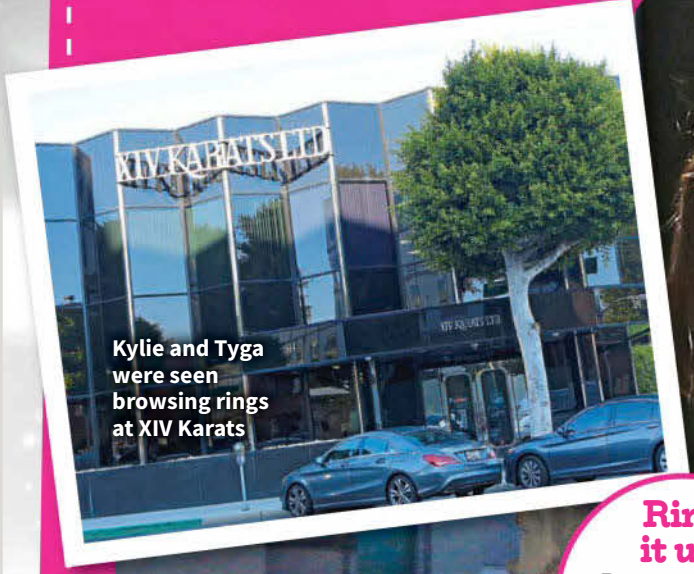

WEDDING BELLE

Having married three times as a man, most recently to ex-wife Kris in 1991, Caitlyn is dying to finally be the bride and has enlisted Zac Posen to design the perfect, show-stopping dress.

The immaculate interior is ideal for entertaining

Kylie and Tyga were seen browsing rings at XIV Karats

Ring it up!

Reports suggest Kylie's already wearing a "symbolic ring" from Tyga.

Got something to show us, Ky?

Kylie's new engagement bling!

Caitlyn's youngest daughter Kylie has caused yet another stir after she was spotted at swanky Beverly Hills jewellery store XIV Karats shopping for engagement rings with her much-older rapper beau Tyga.

Of course, rumours have been circulating for some time that headstrong Kyles is determined to tie the knot with her man – who has a two-year-old son with former stripper Blac Chyna – straight after her 18th birthday in August.

"Kylie absolutely loves the idea of being engaged," spills an insider. "She has always wanted the ring, the commitment and the attention that comes with it. She wants a serious commitment from Tyga."

Further fuelling the wedding whispers, Kylie's also changed her Instagram handle from Kylizzle to King Kylie – a nod to her man's online moniker King Tyga, not to mention his son King Cairo.

But if 25-year-old Tyga's really serious about making an honest woman out of Kylie, he's going to have to put some pretty major bling on it!

We're told she'll accept nothing smaller than a 15-carat sparkler – just like the one Kanye West gave to her half-sister Kim.

Yikes! Tyga had better start saving those pennies!

Oh Jess, what DRUN & disord

If it wasn't for hubby Eric, Jessica would have been in trouble

It's safe to say the star had one hell of a headache after this night out...

When it comes to partying, Jessica Simpson has one rule – go hard or go home!

The starlet – whose erratic behaviour has pals worred – ticked both boxes during a recent night out that ended with her being carried out of an LA club by hubby Eric Johnson, 35.

'THERE'S DRUNK AND THEN THERE'S DRUNKETY DRUNK!'

"There's drunk and then there's drunkety drunk– Jess was the latter," explains one onlooker. "She was so wasted, she could barely see and her legs were wobbling about all over the place. It was like *Bambi On Ice*!

"Thankfully for Jess, Eric was there to help her get to the car – she wouldn't have made it otherwise!"

Jess had to try hard to keep her drinks down

a mess!

K

erly!

That's what drinking on an empty stomach will do to a girl!

Unfortunately for the 34-year old mum of two, the aftermath of her night to remember – or not! – with pals at The Sayers Club in Hollywood was caught on camera. As were her attempts to keep the wine from coming back up once she spilled into the front seat of her waiting car!

"It really looked like Jess was about to throw up – she spent several minutes trying to swallow it down," says another eyewitness. "I don't envy the people who had to suffer that car ride home with her!"

We've all been there, love! ■

One of Mariah's entourage says she hides her boozing in public by filling a soft-drink can with wine

Morgan's claims about Mariah have friends and fans on high alert

BROTHER'S SHOCK TELL-ALL

'I've never seen Mariah sober'

Concerns about Mariah Carey's health have been brewing for a long time, but now the singer's brother Morgan says he's so worried about her pill-popping and heavy drinking that he fears she'll wind up meeting the same tragic end as singer Whitney Houston!

Indeed, 45-year old Mariah's sibling alleges she's so hooked on booze that she drank throughout her pregnancy with her and ex-hubby Nick Cannon's four-year-old twins Monroe and Moroccan.

"She even drank while she was nursing," claims Morgan, who adds that his sister often mixes her alcohol with the cocktail of strong prescription drugs she takes to treat bipolar disorder – a habit that could potentially prove lethal.

"I can't say that I have even been around her when she's sober and that's very scary"

Rhythm & booze
Mariah's ex Nick felt her drinking impacted on their relationship.

K-Fed finally tells all...

‘I LOVED BRITNEY – & her money!’

In his most revealing interview ever, the former Mr Britney Spears opens up about their marriage and her breakdown

Sitting down with Kevin Federline, it’s clear he’s still in shock about his life with ex-wife Britney Spears.

“It was totally chaos. Nothing could have prepared me for it,” the former back-up dancer and now-father-of-six tells *NW*, while puffing on a cigarette in the backyard of his new four-bedroom home in LA’s Tarzana neighbourhood.

Having decided this will be the first and last time he speaks about his two-year romance with Britney – “No-one will hear anything about my past out of my mouth again” – Kevin, 37, pulls no punches. He speaks candidly about everything from his first meeting with Britney in an LA club in April 2004, right through to the devastation caused by her infamous 2007 breakdown...

Falling for Britney

“We had instant chemistry – and then it became a soap opera. It surprised me how down-to-earth she was... but obviously not that innocent. What impressed me was she didn’t care what anybody said about me... I have so many great memories that outweigh the bad. Shit, we fell in love and it worked – for a while.”

They tied the knot in 2004 just five months after they met

The ex factor

“When we got together, it was awkward – I felt like maybe I should have called [Justin Timberlake] and talked to him. We’re cool. Me and J are. My best friend is his choreographer so we have mutual friends, and we’ve gone out golfing, we’ve hung out. You get older, grow up, and you realise that was just a time in your life. Shit happens.”

The bad old days
"There's a lot more I could have done," Kev says of Brit's meltdown.

Suddenly famous

"I soaked up as much of the lifestyle as I could. I'd walk into a club and get a table worth $15,000 a night with unlimited free drinks. To not have to worry about my next car payment felt like a huge weight lifted off my soul. But everything got so crazy."

Perils of young love

"Britney proposing to me on a plane three months after we met and getting married two months later was just living in the moment. I really believed I'd spend the rest of my life with her. She talked about having kids from the start and was madly in love with our sons [Sean, nine, and Jayden, eight]. There were a few drastic things that went down, which I'll never talk about, but overall we still had fun. When she filed for divorce [in 2006], I was caught off guard. There are a million things I could say about her that'd make headlines... but for what? The truth is I loved her to death.

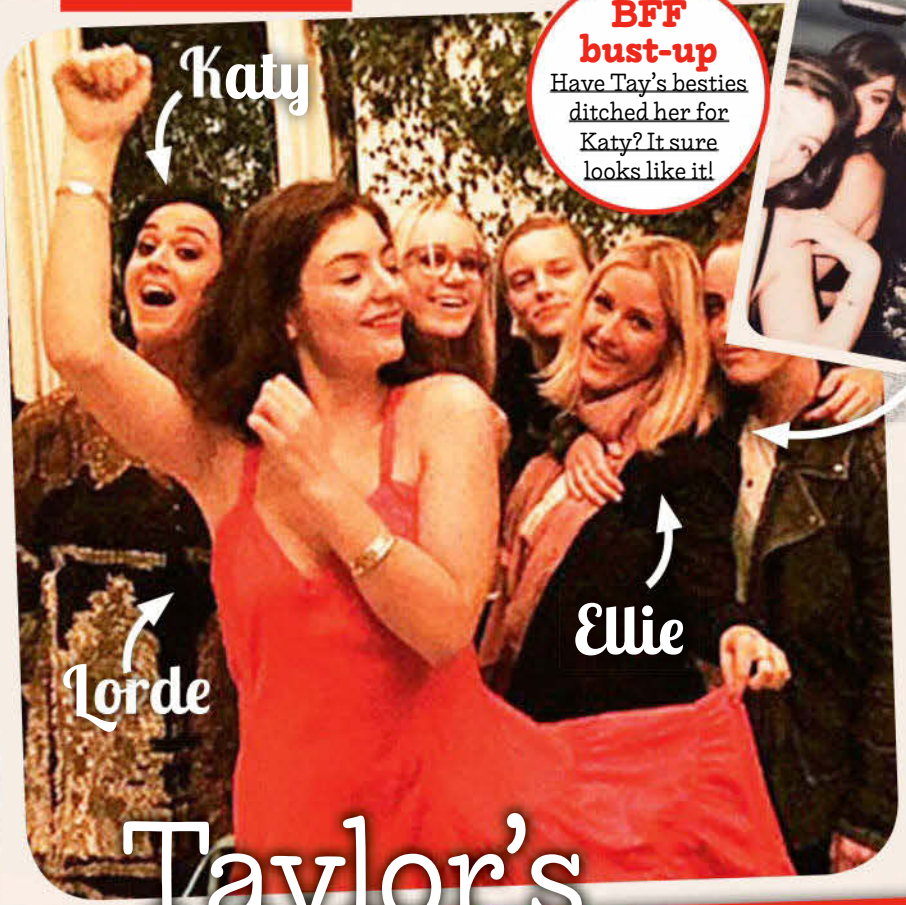

Family first
K-Fed on daddy duty with his sons to Brit Sean and Jayden, and youngest girls Peyton and Jordan.

Brit's breakdown

"It was extremely tough watching her go through a phase where she was clearly not OK right after the divorce. Taking full custody of the boys sucked the life out of me, but it was for them. I have to give Britney's dad Jamie a lot of credit for saving her."

Moving forward

"Britney and I are on the same page. There are no grudges... She's a different person – as the kids will tell you! As for me, I'm teaching Sean to DJ with me. Even though I don't drink or go wild anymore, I can still be the life of the party." ■

BFF bust-up
Have Tay's besties ditched her for Katy? It sure looks like it!

Taylor's BAD BLOOD

With mutiny in the ranks, the star's powerful clique is crumbling

Break out the casserole dishes, because there's a serious beef stewing between Taylor Swift and besties Ellie Goulding and Lorde!

It seems the pair have done the unthinkable and partied with Tay's nemesis Katy Perry – and they looked like they were having the best night ever!

"Don't really remember this but ... good times," Ellie captioned an Instagram snap of their night out.

The Brit singer deleted the evidence after realising her epic mistake – but not before it attracted nearly 60,000 likes!

Scrambling to repair the damage, Ellie later claimed she deleted the photo because she "looked bad in it", but not everyone's buying it.

'I HAVE MY FRIENDS. I HAVE MY ENEMIES. I'M NOT NICE ALL THE TIME'

Of course, Katy's been persona non grata ever since she poached dancers from Taylor's Red Tour in 2013 and is the subject of her single *Bad Blood* – not that Tay, 25, will ever admit it.

"I'm never going to talk about her in my interview," she recently snapped. "It's not going to happen."

Tay also admits she rules her girl gang with an iron fist – so Ellie, 28, and Lorde, 18, better tread carefully!

"I have my friends. I have enemies," she says. "I'm not nice all the time." ■

This week's BIG QUESTIONS

Cheat's guide to all the g

1 DOES RIRI NEED A NEW STYLIST?

With her new love of all things plus-sized, Rihanna seems to be dodging trends instead of setting them these days. So what gives?!

Her quirky new garb is all about trying something new – not just in her wardrobe, but also in her career, as she's set her heart on acting!

"Rihanna's been looking to mix things up style-wise for a while," spills an insider. "She loves experimenting with new looks... she recognises she needs a change."

NOW!

2 ARE GILLIAN AND DAVID MOVING IN TOGETHER?

Rumours that Gillian Anderson and David Duchovny are more than just friends have been doing the rounds for years – but now the A-list *X-Files* co-stars are set to move in together!

Celebrity news website Crazy Days And Nights claims Gillian, 46, and David, 54, are renting a $325,000-a-week house for the upcoming return of the cult show! Hurrah!

"Production scouts have been tasked with one very important chore... The house has to be big enough for the [five combined] kids and ideally needs to have a boat dock and have a huge backyard," spills an insider. "This will be the first time this couple has publicly lived together... One of the reasons they signed on to do this project was to spend this time together."

3 WILL KELLY GET HER KIDS BACK?

The actress says she's 'spent everything' fighting for her children

Despite countless court battles with her ex-husband Daniel Giersch – who she divorced in 2008 – *Gossip Girl* actress Kelly Rutherford is still fighting for custody of her children.

Hermes, eight, and Helena, six have been living with their German father in Monaco since his US visa was revoked in 2012 – with a judge awarding him primary custody due to the fact he couldn't visit them in States.

And while Kelly, 46, got the go-ahead for the kids to attend a June 15 court hearing in LA to reassess the situation, a judge has overturned the ruling until US and Monegasque courts agree on whose jurisdiction the kids fall under.

"It's really what's more convenient for the children," says New York divorce lawyer Nancy Chemtob.

Meanwhile, Kelly's petition to get her kids back has attracted the support of many celebs, including Kim Kardashian and Kris Jenner.

There's just one hitch for this couple!

4 WILL MARIAH FIND LOVE ON MATCH.COM?

Embattled singer Mariah Carey has joined dating site Match.com in a bid to find her next Mr Right. Oh, and to promote her latest single *Infinity*.

In case you're keen, Mimi's profile states that she's divorced – from her babydaddy Nick Cannon – has two children and likes cooking.

"I hope every woman who is single and listens to this song goes out and finds her infinity, whether on Match or the traditional way," the 45-year-old said.

Good for you, Mariah!

Mariah can expect a busy inbox!

5 DID DIANE AND JOSH SECRETLY WALK DOWN THE AISLE?

They've been dating for nine years, but it seems Diane Kruger and Joshua Jackson have finally made things official – and it's about time, too!

The A-list couple's covert marriage may even have remained on the down-low had someone not wolf-whistled at Josh, 36, while he was onstage at the CFDA Awards in New York.

"I'm assuming that was my wife," he joked, seemingly confirming rumours that started when Diane, 38, was spotted rocking a wedding band on her right ring finger!

This week's BIG QUESTIONS

Cheat's guide to all the goss!

'HE'S GOING TO MAKE A KILLING WITH PORN'

From boozing to bonking, Scott's eyeing a new vice

6 IS SCOTT BECOMING A PORN STAR?

Kim Kardashian could be about to lose her position as the klan's sole porn star – as we hear Scott Disick is planning to weasel his way into the industry!

What's more, the dad-of-three is so keen on making his own X-rated flick, he's already hit up his *Girls Gone Wild* producer pal Joe Francis for advice.

"Scott is bragging to friends that he's going to make a killing with porn," reveals an insider. "He sees Joe as his hero and has asked if he can learn the ropes."

Luckily for his babymamma Kourtney, though, Scott is only interested in producing and has no plans to do the dirty on camera himself! Phew!

That's probably not a good place for a nap, Daniel

7 WHAT'S UP WITH DANIEL?

Shocking pictures have emerged of former Silverchair frontman Daniel Johns passed out in front of a Sydney apartment following a gig at the Opera House.

It's just the latest in a series of concerning incidents leading to rumours that the 35-year-old's partying has spiralled out of control.

Last October, the troubled star – who battled anorexia in his teens – was not only arrested for drink-driving in Newcastle, but also taken to hospital last month after he fell and hit his head on the footpath outside a Sydney cocktail bar.

8 HAS CODY BEEN DRUNK DIALLING GIGI?

Newly single Gigi Hadid has been linked to a string of eligible bachelors in recent weeks, including Formula One ace Lewis Hamilton and Joe Jonas – and it's driving her ex Cody Simpson insane!

"Cody went crazy with jealously when he saw her out with all these new guys – he can't believe she's so ready to move on so quickly," spills our insider. "When he has a few drinks, all his insecurities come out and he starts leaving drunken messages for her. It's incredibly embarrassing. He's begging her to take him back!"

Put the phone down, Cody!

9 IS PARIS GETTING HITCHED?

Michael Jackson's daughter Paris and her boyfriend Chester Castellaw looked ridiculously loved up at the opening night of rock musical *Spring Awakening* in LA last month – and whispers are swirling that the adorable couple are ready to tie the knot!

In fact, we heard the beautiful teen – who's even been spotted wearing an engagement sparkler – wants to wed her 18-year-old beau ASAP so that her ailing grandmother Katherine Jackson, 85, can make it to their big day.

"She wants to be sure Katherine is at the wedding," says a source. "Paris can wed after she turns 18, which is next April, or she can do it sooner with the family's legal permission."

10 IS LEO'S BEARD FULL OF CREEPY-CRAWLIES?

It might be time for Leonardo DiCaprio to shave that scruffy facial fuzz off once and for all – especially now we're hearing one of his mates spotted a flea hopping about in it.

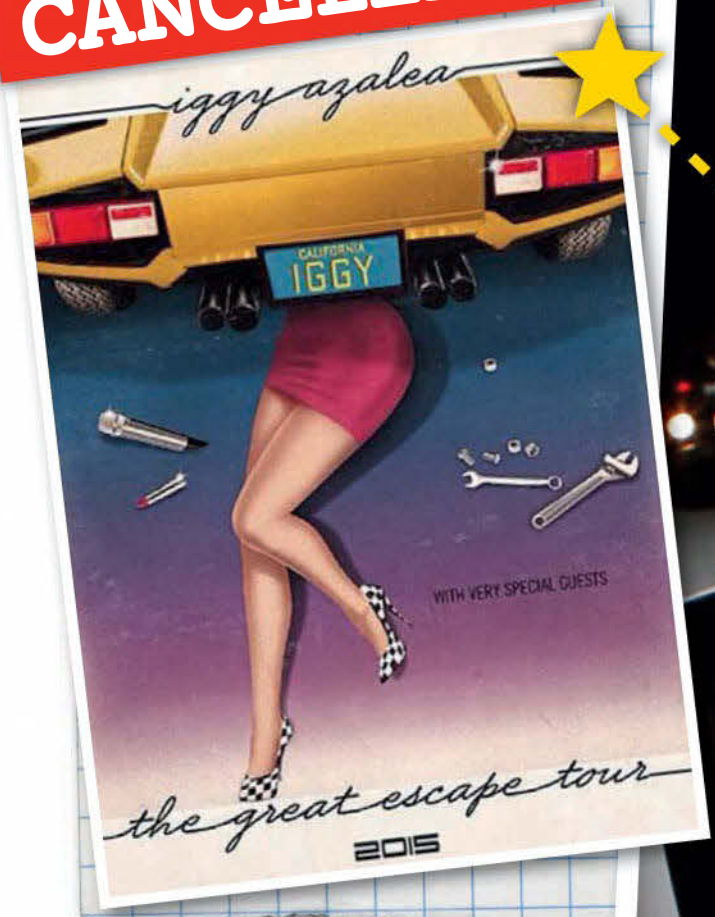

"Leo's crew are teasing him relentlessly about it," spills our exclusive insider. "Leo is known to go days without a shower. Right now he's filming a movie that requires him to be scruffy and bearded, but his friends are begging him to have it washed every day by a hairdresser and checked for lice and fleas." Gross!

MAY 29

US TOUR CANCELLED!

MAY 29

ATTACKED!

The rapper's life is one helluva rollercoaster ride!

She may be *Fancy*, but Iggy Azalea is experiencing more ups and downs than a violinist's elbow!

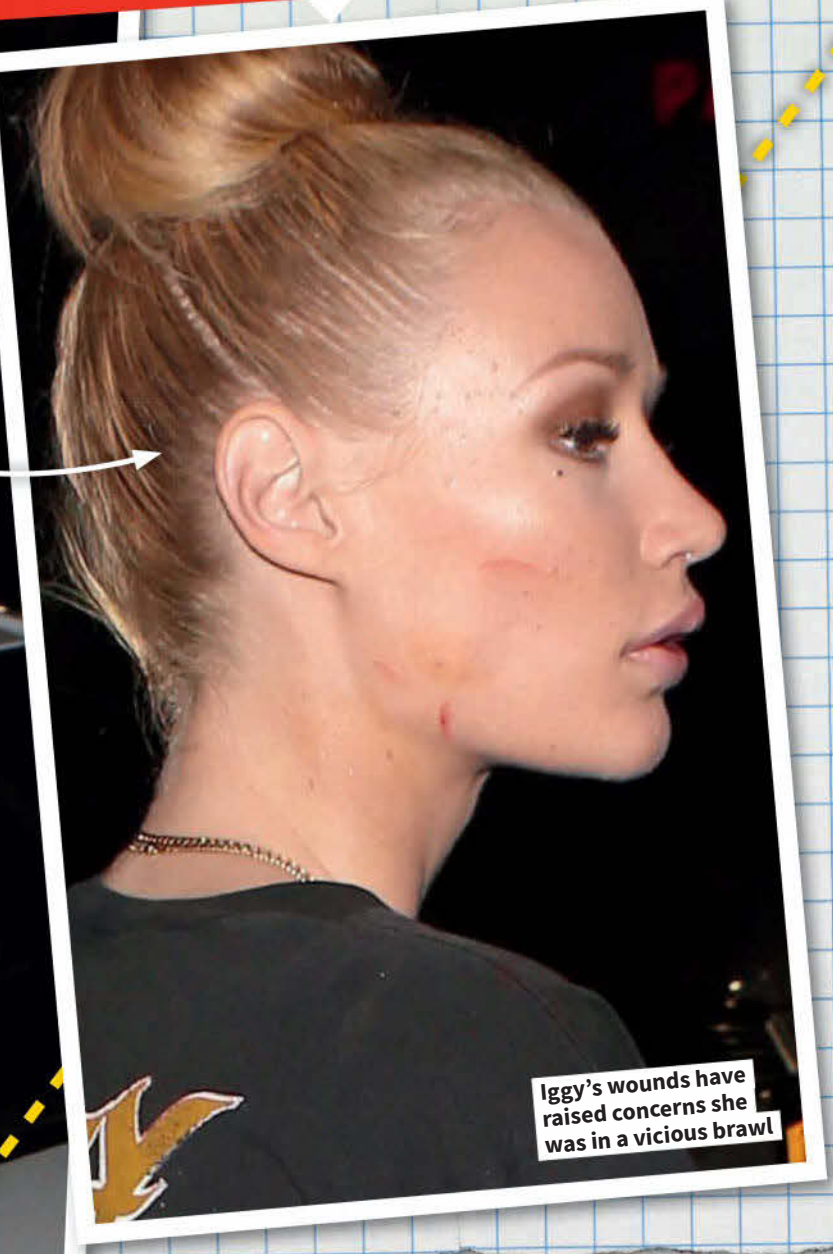

The Aussie rapper's weirdest week ever kicked off with her facing the wrath of US fans for cancelling her The Great Escape Tour out of the blue, explaining, "I just feel I deserve a break."

And the campaign of hate continued well after the announcement – later that evening Iggy was seen leaving an LA nightclub sporting suspicious scratches on her cheek, leading to speculation she'd been involved in a violent brawl.

Eek! The 25-year-old just can't catch a break!

Thankfully, just three days after her bloody outing, things picked up for the besieged blonde when her basketballer boyfriend Nick Young got down

on bended knee and asked Igs to marry him!

And if the proposal alone wasn't enough to lift Iggy's spirits, the LA Lakers player also laid a 10.43 carat cushion-cut, yellow diamond right on her! What's more, Nick proposed and presented her with the sparkler – believed to be worth a tidy $640,000! – at his circus-themed 30th birthday bash in Malibu.

"Nick has known for a long time Iggy was the one, but he was waiting on the perfect time to pop the question," spills an insider.

"They both have gotten very close these past few months and he can't think of anyone else to spend his life with but her."

Good to see Iggy's finally got something to smile about – congratulation, homegirl! ■

Khloe's $100k LIPO REVEAL

The reality star's stunning slimdown came at a high price

She's always been a hottie, but tanned, taut and toned Khloe Kardashian seems to have morphed into a super-svelte mega-babe overnight!

And we can reveal that overnight is exactly how it happened! Yep, despite KoKo insisting her new slimline figure is all down to diet and exercise, we're told she has the surgeon to thank after undergoing $100,000 worth of liposuction!

"Khloe got serious lipo done on her waist line, tummy and legs three months ago," spills our exclusive insider.

"She's been telling everyone she did it all by putting in lots of work in the gym, but that's not the whole truth. Sure she's been in the gym, posting selfies every time she goes, but the big changes have all come from surgery."

So what prompted Khloe to take such desperate measures?

Well, we're told the 30-year-old's been on a mission to get the perfect bod ever since she convinced herself that her estranged hubby Lamar Odom cheated because of her weight.

But despite working out for two hours every day, KoKo's natural curves always stood between her and the sort of sveltness she desired – until now!

"Khloe has muscle definition from all her working out – she just had a layer of fat covering it. But now that she's had lipo you can see her abs. And she's finally got the slender thighs she's always wanted," adds our insider.

"She's so happy with how it all turned out, but that doesn't mean she wants anyone to know – this is something that will probably stay her little secret forever." ■

Khloe's previously had VelaShape therapy on *Keeping Up With The Kardashians* to combat cellulite

COURTNEY
While Courtney Love claims she owes her slimline physique to yoga and a macrobiotic diet, friends of the hard-partying 50-year-old beg to differ. "She's telling people she got the gastric band surgery," an insider says of the rocker, who's also rumoured to have had a tummy tuck and lipo!

TARA
Tara Reid had botched lipo in 2004, forcing her to undergo multiple corrective procedures, including a tummy tuck. "Even though I was skinny, I wanted... a sixpack," the 39-year-old confessed. "I had body contouring, but it all went wrong. My stomach became the most ripply, bulgy thing."

Lipo!

Faster than any diet, it's the secret surgery of suddenly skinny stars

Who's had it? Who hasn't?

DEMI
Before stripping off for *Charlie's Angels: Full Throttle* in 2003k, Demi Moore, 52, spent $450k on surgery, including lipo on her hips, stomach and thighs!

HEIDI
"Getting lipo is my biggest regret," insists former *The Hills* star Heidi Montag, 28, who says having the procedure on her waist, thighs and neck actually gave her cellulite.

MARIAH
Despite her perennially flat stomach, Mariah Carey, 45, is adamant she hasn't had lipo. "It makes me upset that people think I've had surgery," she says.

She's a huge success now, but Jennifer Aniston wasn't so hot at waiting tables. "The customers didn't like me because I would try to memorise the orders instead of writing the entire thing down," the 46-year-old admits. "Suddenly, hot dogs became hot cakes."

BREAST PUMP CLEANER

Chris Hemsworth, 31, has two children now – but he's been a dad in training for years, after a gig sanitising baby products! "I cleaned breast pumps for a living," says the *Thor* star. "They would come in covered in dried milk, and I'd be there with a toothbrush, scrubbing them up."

CINEMA USHER

She packs out movie houses now, but life used to be different for Rebel Wilson, 35. "When my first movie *Fat Pizza* came out I was still working at the cinema as an usher," she admits. "I would be cleaning up the popcorn while people were leaving and they'd go, 'Hey, weren't you in this movie?' And I would be like, 'Yeah, I just didn't make that much money so I have to work here.'"

Award-winning actress, Amy Adams, 40, has always been a sweetie! "I sold liquorice at a rodeo in Utah. I was walking up and down shouting 'Liquorice!'" she recalls, not so fondly. "That was pretty bad. But there are worse jobs to have, I guess."

YOGHURT GIRL

Health fanatic Cameron Diaz, 42, watches what she puts into her body now, but it was fro-yo all the way when she was serving it up. "It was really awful because the first two weeks I literally lived on the chocolate and vanilla swirl," she says. "After that, the mere sight of it left me queasy."

-TYRE FACTORY WORKER-

Before Jim Carrey found fame, he worked eight-hour shifts at a tyre factory after his classes! "When my Dad lost his [accounting] job when I was in high school, my entire family had to go to work," says the 53-year-old. "We all got in a tyre rim factory. It was so awful and monotonous. I wanted to scream."

CAR CLEANER

Avengers star Jeremy Renner has an estimated $35 million these days, but it was a different story back in the day. "I've been working since I was 10, because I grew up really poor," the 44-year-old says. "I was a paperboy, I worked at a car wash... I bagged groceries, and I was a make-up artist."

The WEEK PICS

The boys are back in town

We've been waiting for what seems like forever, but the *Entourage* movie is finally here! Hordes of A-listers – including Channing Tatum's stunning wife **Jenna Dewan** – are at the flick's LA premiere. But no-one's more excited than the stars **Kevin Dillon**, **Adrian Grenier**, **Mark Wahlberg**, **Jeremy Piven** and **Jerry Ferrara**, who are all smiles and silliness.

For the cast of *Vanderpump Rules*, what happens off camera stays off camera. But now that she's out, sassy former SUR waitress Stassi Schroeder is claiming most of the staff are high on drugs!

Indeed, while the show's known for its larger-than-life characters, Stassi alleges in a tell-all podcast with *NW* columnist Brandi Glanville that it was illicit substances that really played a starring role at the swanky Beverly Hills eatery.

"She told me certain cast members were doing coke all the time, even when they were shooting scenes!" spills Brandi. "I could see they were all jacked up for Jesus on the finale last year. How Lisa Vanderpump didn't know is a total mystery!"

As well as cocaine, Stassi, 26, says the entire cast were popping ADHD medication Adderall to stay thin.

She even took a jab at her old boss Lisa, insisting she wasn't fired, but quit.

"I just kept working there and working there," says the now-fashion blogger. "And then I was like, 'I hate this, I just can't do this anymore!'"

TOWIE star Mark Wright and his blushing bride Michelle Keegan have graced the cover of UK mag *HELLO!* in an exclusive tell-all about their special day.

With Michelle dressed in a bespoke ivory gown adorned with French lace and Swarovski crystals by Israeli designer Galia Lahav, Mark admits he almost lost it as she walked down the aisle.

SPOILER ALERT

Married at First Sight drama

PREGNANT & dumped?

Has Lachlan left Clare in a sticky situation?

When *Married At First Sight* star Clare was spotted out and about in Sydney last week sans wedding ring, it seemed to confirm the worst.

But it's not just rumours of a split between she and farmer Lachlan that are mounting – word is the 37-year-old marketing manager is also expecting his baby!

Talk about bad timing!

Of course, their romance has been rocky from the word go, with tensions boiling over during last week's ep when a hot-headed Clare removed her wedding ring following a blazing row with her new hubby.

But with the brunette babe tearily admitting in episode one, "I'm 37 and I want to have kids, so something needs to happen," perhaps she's happy to go it alone...

And while a spokesperson for Nine denies the pregnancy buzz, an on-set insider isn't convinced.

"The whole point of the show is to see whether this dating experiment worked, and whether the couples stay together," says our source. "So the last thing they need is Clare and Lachlan going public with a baby bump. But it's all anyone can talk about behind the scenes on the show. It's really exciting."

Does it get any juicier?!

After getting burned so badly by Blake Garvey on *The Bachelor*, Sam Frost won't be pleased to hear that *The Bachelorette* suitor David Lloyd may not be the classy sort of bloke she's looking for.

Naughty social media pics have emerged exposing the Sydney carpenter, 25 – who has "Your Name" amusingly tattooed on his bum – as a major party animal.

From skolling beer through a dust mask, running around in his undies or dressing as a chick, it seems there's nothing he won't do when he hits the sauce.

Yep, look out, Sam – he's a worrying one!

Yep, the 34-year-old was forced to come clean after a pic surfaced of her in a different wedding dress to the one she wore for the show – and with a different guy!

Brandi's VERDICT

'It was my son's 12th birthday party'

'I'm in limbo – I don't know if I have a job'

Pleased to meet you, Caitlyn!

'Caitlyn...'

"She is everything. I think it's really great that she's come out and she gets to live the rest of her life being free now. She's much prettier than I expected. He was a feminine man, but he was still very manly. She's holding it down, though!"

'Mariah's in it for the dough'

"I have a feeling she got paid a lot of money to join Match.com. You never know, though – my friend just met the love of her life and she met him on a dating website! But with Mariah, I feel it was more of a business deal. I think that once you're rich, people still make these deals. Look at Jessica Simpson and Weight Watchers!"

Hot or NOT

Clothes to covet vs threads to dread

HOT

Nina Dobrev

The soft, fluffy fabric of Nina's skirt has us dying for a cuddle, but she's avoided cutesy territory by pairing it with a simple top and glam earrings.

NOT

Amanda Seyfried

If you're going for all-over sequins, Amanda, at least make sure there's some kind of coherence to the pattern. Your shoe game's good, but it's not enough to save the dress.

HOT

Jemima Kirke

This wavy, matchy-matchy combo blows pencil skirts and crop tops out of the water! It's bold, dramatic and is the perfect fit for Jemima's unique sense of style.

HOT

Lily Aldridge

Lily's simple solution to weekend wear is a crisp yet relaxed take on head-to-toe white. Even her sunnies and bag are in on it – not to mention her coffee cup!

HOT

Diane Kruger

Diane's red-hot in this crimson number! The black bands around the bust and waist emphasise her fab figure and expertly complement her heels and clutch.

HOT

Gigi Hadid

With her gold, flared jumpsuit and beachy waves, Gigi looks like a mermaid who's left the ocean to attend red-carpet events. How magical a fairytale would that make?!

HOT

Kim Kardashian

Look, it's weird and full of holes, but we actually kinda like Kim's outfit. The sheer fabric gives us a peek at her bootylicious bod, and she balances the busy detail with simple hair and make-up. You win this round, girlfriend...

Hot or NOT

HOT

Emma Roberts

Emma is a summery treat in her simple yellow maxidress, but the real selling point is the tonal accessories – especially the cute leopard-print clutch!

HOT

Rachel McAdams

There are a few unusual elements making up Rach's outfit, but the ocean shades prevent the mesh top and giant bow adorning her pencil skirt looking too OTT.

HOT

Freida Pinto

Isn't this just the cutest gingham sun dress?! And while the nude accessories are a flirtation with drabness, Freida saves the look with a splash of red lippie.

Who wore it best?

Babes earn their stripes in a Balmain minidress

NOT

Lindsay Lohan

Let it go, let it gooo – no really, LiLo! Mostly she needs to let go of that wannabe *Frozen* plait, but the shiny flowers on her weird tulle dress are tacky, too.

HOT

Karlie Kloss

We can't blame Karlie for strutting – her outfit's made for it! She's all glowing skin, fab abs and sky-high pins in this cute crop-and-skirt combo, and we're totally putting those sandals on Pinterest!

HOT

Emily Blunt

With its flared hem and pussy-bow detail, Em's dress is sweet and feminine. We'd add a brighter lippie to pop against the dress, but we adore that box clutch!

Karolina Kurkova

With her slicked-back hair, gold-trimmed belt and black boots, Karolina is following the military mood of the structured dress right down to the smallest detail. Quick march!

70%

Kylie Jenner

The young reality star's added lovely touches with her loose waves and cage heels. But her ornate belt is a little too wide and cuts her bootylicious figure in half in a very uncomfortable-looking way.

CHECK OUT MRS THO

Woah, Mamma!
Elsa looks smokin' hot from front to backside!

Elsa Pataky is one fit and fab supermum!

Little over a year ago, Elsa Pataky's washboard tum contained her twin sons Tristan and Sasha.

But already this yummy mummy – who also has daughter India, three, with hubby Chris Hemsworth – is looking better than ever.

So what's her secret? Well, it helps that she's an exercise nut!

"I love fitness, I love sports – I've been into it since I was 15, working my body and just building it," she says.

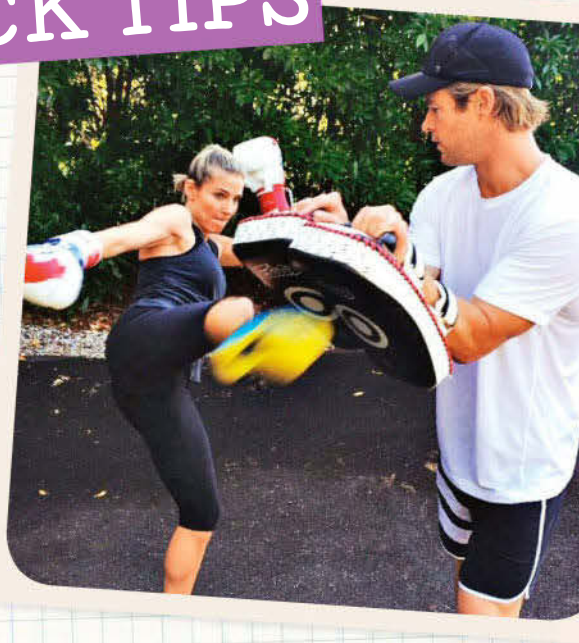

And when the Spanish actress goes for it, she really goes for it!

"If you train hard, you need only 30 minutes," says the 38-year-old.

Sounds like we'll be upping our circuit and HIIT cardio classes – stat!

Elsa's QUICK TIPS

- Write down what your goal looks and feels like so you can visualise it. You know, like how we visualise her hubby.
- Don't take the slow road – go hard and fast because your time is precious!
- One week is 168 hours – dedicate six of those to building your body.
- Think positive.
- Be patient. Bodies aren't built overnight – Elsa recommends a 90-day overhaul.

Whip that wobble!

Trainer Fernando Sartorius shares Elsa's top moves

Fat-torching cardio

Set the elliptical machine to a high incline. Do five 30-second interval bursts with 45-60 seconds of active rest – for example, walking or jogging if you're sprinting – in between. Do this twice a week.

Booty-busting bridge

Lie on your back with your arms out in a T-shape, knees bent and feet flat on the floor, hip-width apart. Straighten one leg and point your toes to the roof. Tense your booty to lift your hips off the floor. Lower. Do 15-20 reps then switch legs.

Thigh-gap strap!

Loop a resistance band around ankles or calves and spread your legs until it's taut. With hands clasped, sink into a squat. Remaining in this position, step to the side with one foot, then back. Do 10 side steps, then switch legs.

Elsa credits hard work for her body after babies

Elsa's cleansing smoothie

INGREDIENTS

- One apple
- One carrot
- Celery, as desired
- Greens, as desired
- One lemon, peeled

METHOD

Blend the lot."Once it's done, you add a few teaspoons of olive oil. Super good," says Elsa, who whips up this nutritious drink every so often as it "helps me to clean my system".

Julianna Margulies

If the actress is feeling under the pump this week, she doesn't need to suffer in silence. Loved ones or trusted colleagues are more than happy to go in to bat for her.

YOUR Stars

The week ahead with Adele Lang

Gemini MAY 22 – JUNE 21

Neptune might be making career goals a challenge right now, but that's no reason for you to feel defeated. Indeed, you should fight harder than ever to realise long-term goals. Colleagues and loved ones are willing to fight in your corner, if only you let them...

Cancer JUNE 22 – JULY 23

Controlling partners or parents could get the better of you. Instead of fighting back, go with the flow. As much as Crabs yearn for independence, you thrive when loved. Losing favour with people you adore will reduce personal powers rather than enhance them.

Leo JULY 24 – AUG 23

Saturn suggests you watch your emotional wellbeing. You may seem impervious to criticism, but that's not the case. Embrace compliments, by all means, but don't let people who deliberately undermine you become your reason for existing. You are much better than they are.

Virgo AUG 24 – SEPT 23

You might be brimming with natural confidence, but this stargazer reckons this week will be different. When it comes to a romantic relationship or a career move, most Virgos will be fearful of the next step. Follow your heart. Your brain, while clever, is too analytical at present.

Libra SEPT 24 – OCT 23

Saturn's back-pedalling suggests you should concentrate on health concerns – especially if you've got dependents. Even footloose and fancy-free Librans need to take care of themselves. Your brilliant *joie de vivre* is required at all social events, preferably sooner rather than later.

Scorpio OCT 24 – NOV 22

Some of you might naturally shine in the spotlight, but most Scorps tend to shy away from attention. This week, in particular, you're feeling more reluctant than ever to show your hand. That's not a bad thing. Maintaining an air of mystery will help you at work and play.

Sagittarius NOV 23 – DEC 21

When Mercury starts moving forward midweek, you will make wiser romantic decisions than you have in a while. A new lover or long-term partner will certainly approve! That said, don't devote all your energy to a love situation – your job needs some attention, too.

Capricorn DEC 22 – JAN 20

Attending social engagements might be the norm for Caps, but some of you could end up exhausted by this week's afterhours calendar. According to the planets, not every event needs your presence. Be selfish – and pick only those you instinctively know will be fun.

Aquarius JAN 21 – FEB 19

Venus and Jupiter aren't the only ones meddling with your romantic life right now. Blood ties could also try to interfere. Although you are fairly laidback about life, prepare to be riled by parents or siblings who start dishing out unasked-for advice about your current love status.

Pisces FEB 20 – MAR 20

The Moon's behind you this week, ensuring great results for any task or project you take on. Teamwork might be necessary, but that won't be a problem as you've got a lot of people willing to help. Remember to thank them and let them join in any resulting celebrations.

Aries MAR 21 – APRIL 20

A trip away will suit you, but if work won't allow for much-needed time off, at least start dreaming about a holiday. With luck, a friend or relative will be up for house-sitting, childcare or pet-minding duties. Ask them first before you consider paying for professionals.

Taurus APRIL 21 – MAY 21

Lunar activity suggests even usually confident Taurians will be susceptible to low self-esteem. Rather than beat yourself up, you'd be much better off going out into the world with renewed determination. A no-holds barred approach will soon score you a few admirers.

The BIG NW turn on

ANGRY bird

Emma sinks her teeth into her meatiest role yet

We've seen **Emma Stone** be hilarious in *Easy A*, kick butt in *Zombieland* and play **Ryan Gosling**'s ladylove twice – in *Crazy Stupid Love* and *Gangster Squad*. The pair will even reunite in the upcoming *La La Land* – and she calls that work?!

But for her Oscar-nominated performance in *Birdman*, the 26-year old shows her serious side as Sam, the daughter of a washed-up Hollywood star named Riggan (**Michael Keaton**). *NW* caught up with Emma to talk about the award-winning flick...

Tell us about Sam. She's angry and numbed-out in many ways. I thought there was something really fascinating about her because she's the daughter of a famous person. That struggle is a very specific one and I've seen it. Many of them feel abandoned by their parents because they prize public opinion rather than their relationship with their child... I thought that made her a very interesting character because, yes, she's just out of rehab and, yes, she's kind of a mess, but there's something heartbreaking about that.

Which scene did you enjoy most? She's a very wounded, shut-down girl who is so desperate to open up. That scathing speech she makes to her dad... She's registering that she can actually get through to him. She doesn't think he even sees her in any way, and then he does in that one moment.

Your character in *Birdman* defends social media. How do you feel about it? I don't feel the need to give a snapshot of the shoes I bought today or what my dog is doing. It's honestly a personal choice.

***Birdman* out Wednesday on DVD and Blu-ray**

Emma's edginess is one of the film's highlights

LOCKED UP & loving it!

Aussie star **Ruby Rose** scored the mother of all gigs last year, playing an inmate on *Orange Is The New Black* – and she can't believe her luck!

"I thought I would come to LA [and maybe] get a cool indie film," she laughs. "It's hard over here and competitive, so I feel very blessed to have my first break be on something so enormous and loved."

And while we're dying to know more about Ruby's character Stella, she's keeping mum.

"I don't want to be Sally Spoiler!"

Orange Is The New Black Season Three is available from Friday on Showcase and Netflix

The Hot LIST

STRANGERLAND

Nicole Kidman scored raves at the Sundance Film Festival for this eerie Aussie flick. She plays a mum whose teen kids go missing in the middle of an outback dust storm – with their disappearance dredging up secrets from the family's past.

MUSIC

ADAM LAMBERT

Adam's never been scared to push boundaries, and this album shows nothing's changed! We're loving the first two singles – *Underground*, which is Adam at his power-ballad best and *Ghost Town*, which shows off a new electronic vibe for the *American Idol* graduate.

THE THEORY OF EVERYTHING

See why **Eddie Redmayne** landed an Oscar for his role as famed physicist **Stephen Hawking** – who was diagnosed with motor neurone disease at 21 – in this bittersweet flick. Tissues will be required. Sniff!

MUSIC

NATE RUESS

4 reasons we love... Pretty Little Liars

As the mystery of the girls' tormentor "A" unravels, Season Six has us hooked once more... So what makes this twisted series so bloody good?

1

CONSTANT DRAMA

Fires, car crashes, murders and, of course, dodgy boyfriends with secret agendas. For a small place, a lot of heavy stuff goes down in Rosewood! The town's psychologists must make a killing...

2

HILARIOUS HANNA

With so much highly charged intensity, you need some LOLs once in a while. That comes in the form of Hanna's ditzy one-liners. Who knew **Ashley Benson**'s comic timing was so on point?

3

EYE CANDY

So they're not always on their best behaviour, but the blokes on this show make it hard for us to stay mad when they look this good! We're looking at you, Caleb (**Tyler Blackburn**) and Ezra (**Ian Harding**).

EYES ON EMILY

4

Girl-crush level = high! Hanna, Aria (**Lucy Hale**) and Spencer (**Troian Belissario**) are all amazing, but star athlete Emily (**Shay Mitchell**) is our pick. The hair, the skin, that bod... We'd hate her if we didn't love her!

Pretty Little Liars **Thursday 8.30pm on FOX8**

Ash and Shay (right) have the just right amout of sass

The BIG NW turn on

Chris P

'I'm no fat

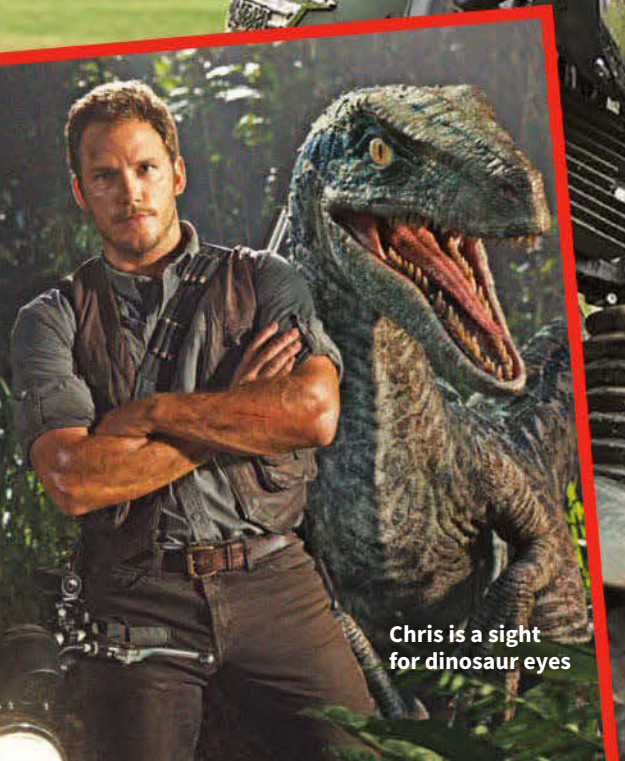

Funny, sexy and now a dino expert – Chris can do it all!

These days, it's hard to imagine **Chris Pratt** as anything but buff – unless you've seen him in *Parks And Recreation* or movies like *What's Your Number?* and *Delivery Man*.

And we're kinda glad the dad bod is a thing of the past!

After all, the 35-year-old is in full action-hero mode in *Jurassic World*, dealing with the dino theme park's newest resident – a killing machine known as indominus rex!

Here, Chris talks sequels, selfies and shifting the weight...

Chris is a sight for dinosaur eyes

Big softie
Chris says his "feeder" wife Anna Faris likes him a bit heavier.

ratt ot the friend nymore!'

Jurassic Park is a classic. Was it intimidating taking on the reboot? It's one of the most influential movies in my life. The director [**Colin Trevorrow**] is a giant fan and I'm precious of _Jurassic Park_, so I didn't want this f**ked up!

What can we expect from the film? The park is up and running, but people are no longer intrigued. So they create this attraction to generate new interest – and things go horribly wrong.

'I SUDDENLY SAW MYSELF AS THIS BELIEVABLE BADASS'

Your roles have changed over the years. Was that the plan? I was the big comedy guy, the fat friend, and I was working. I didn't want to fix it if it wasn't broken. Then _Zero Dark Thirty_ came out and I suddenly saw myself as this believable badass.

You were training for that movie when you posted the undies selfie, right? I'd lost 31kg and my brother Cully persuaded me to do it. It was douchey but without it, who knows?

It probably landed you _Guardians Of The Galaxy_! I got a call to come back to [head of Marvel Studios] **Kevin Feige**'s office. They held up the selfie and said, "You're too fat for Star-Lord. How long will it take you to look like this?" They gave me five-and-a-half months!

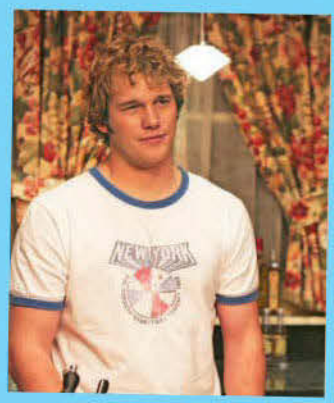

Do you ever want to pig out again? Trying to tighten up and look as good as I can for the next few years is the best way to achieve the type of success I need to live my dream, which is getting out of Hollywood, taking my son and wife, and living in the country. Hollywood people turn into assholes!

Jurassic World is out Thursday

The many faces of Chris

Check out the Prattster's show reel!

EVERWOOD (2002-2006)
Chris played a bright-eyed jock alongside future _Revenge_ star **Emily VanCamp** in this teen fave.

THE O.C. (2006-2007)
He also popped up on this teen drama as Summer's (**Rachel Bilson**) hippie college pal/stalker Che.

PARKS AND RECRECREATION (2009-2015)
Producers liked his character so much, they made his minor role a fixture.

ZERO DARK THIRTY (2011)
His role as a US Navy SEAL was the first one he needed to be ripped for.

THE LEGO MOVIE (2013)
The dude went yellow to voice Emmet, a simple Lego man on a mission to save the world.

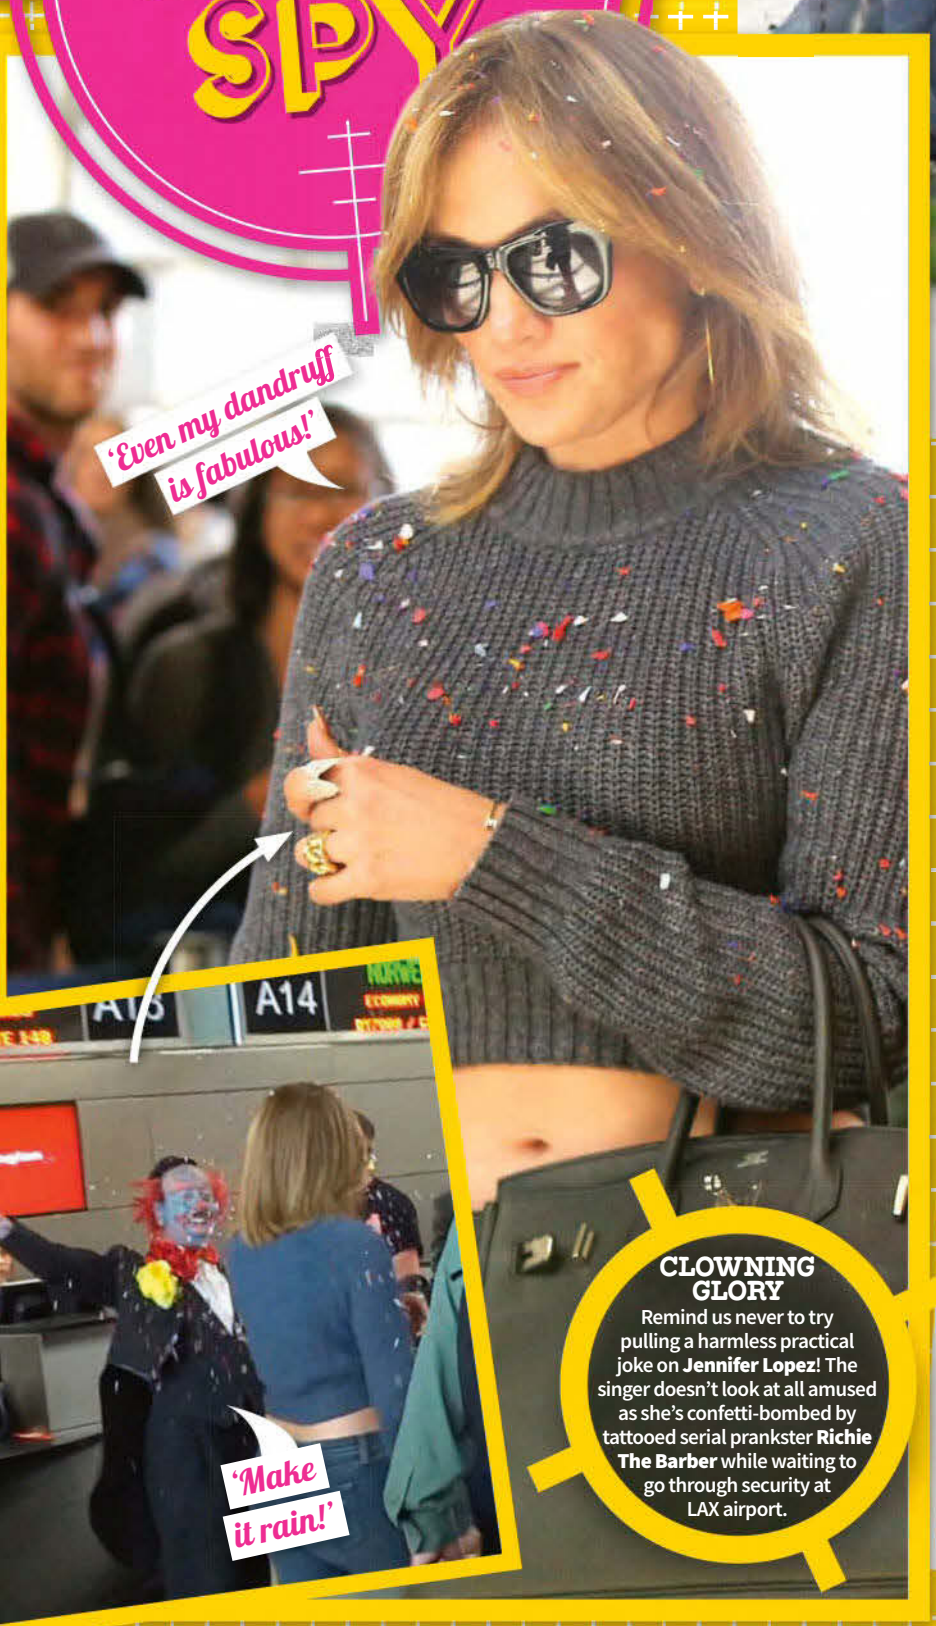

GUARDIANS OF THE GALAXY (2014)
Chris cemented his leading-man status as Star-Lord in this Marvel hit.

Yep, we see you!

STAR SPY

CLOWNING GLORY

Remind us never to try pulling a harmless practical joke on **Jennifer Lopez**! The singer doesn't look at all amused as she's confetti-bombed by tattooed serial prankster **Richie The Barber** while waiting to go through security at LAX airport.

SEX ON THE BEACH

Heidi Klum and toyboy **Vito Schnabel** can sit bolt upright and pretend they haven't been busted getting freaky while on holiday in St Barts, but they don't fool us. So Vito... what exactly are you doing with that right hand of yours?

CRAZY EYES

It's time to step away from the eye bling, **Lady Gaga**! Days after sporting an attacked-with-a-paintbrush look on stage in Canada (below), Mother Monster arrives at LA's Chateau Marmont after a gig with what appears to be two slugs crawling across her brow.

'I really should start using a mirror'

'Bottoms Upton!'

BOTTLE BLONDE

A model swigging wine straight from the bottle in the middle of the day? No, **Kate Upton** isn't, um, modelling herself on Kate Moss – she's shooting a scene for her new flick *The Layover* in Vancouver, Canada.

POSH VS BECKS

Rita's so black & white

No, you haven't stepped back in time! It's just Rita Ora's '60s-inspired ensemble for her new *Poison* music video. Shagadellic, baby, yeah!

We prefer Channing a little less creepy!

NOT SO MAGIC!

Prankster Channing Tatum has infiltrated a *Magic Mike XXL* test screening disguised as an ageing market researcher! In keeping with the spirit of the stripper flick, Chan didn't stay clothed for long, though, whipping off his kit to reveal his true self before grinding on audience members. Lucky people!

Bindi's all grown up!

What a beautiful young woman wildlife warrior Bindi Irwin has turned out to be!

"To be beautiful means to be yourself," Bindi captioned this recent Instagram selfie. "You don't need to be accepted by others."

We couldn't agree more.

ScarJo loves the rod

When she's not basking in the bright lights of Hollywood, Scarlett Johansson loves nothing better than a relaxing day of fishing!

"Scarlett was surprised by how much she enjoyed just sitting back at a lake, fishing rod in hand," spills an insider. "Now fishing has become her escape."

Sounds like she's hooked!

WAIT! there's MORE!

TAYLOR'S shortcomings!

Taylor Swift insists, "I'm just not generally a sexy person" – but her super-high hemlines beg to differ! When it comes to choosing skirts, the leggy pop star's philosophy is clearly less is more – in fact nothing longer than 25cm of material makes the grade! But with pins like hers, who can blame her!

Cute clones

These sweet little apples could have fallen from the same family tree!

India Hemsworth

Chris Hemsworth's three-year-old daughter India hit the Audi Polo Challenge with the hunk...

Penelope Disick

...but she seems to have more than the dummy in common with two-year-old Penelope Disick.

Olsen twins

In fact, if Ashley and Mary-Kate Olsen weren't 29-years old, we'd cry quadruplets!

Need a towel, handsome?

Damn, Scott Eastwood! The son of acting legend Clint whipped his kit off for Davidoff's new aftershave ad – and boy, is he smokin'! "He retains a sense of confidence, a natural and easy-going attitude, never taking himself too seriously," the voice-over says. "Outdoorsy and adventurous, he cares about the environment and is, at heart, a man of the ocean." We'll take as many as you've got!

Ginger tinder

Ed Sheeran is on the market after his split with brunette stunner Athina Andrelos – and he's out to find himself a normal babe!

"Ed doesn't want a famous girlfriend, he just wants someone down-to-earth to share his life with," says a source. So if you spot him on Tinder, swipe right!

Butt OUT!

Cheeky Adam Levine is giving the world a treat by cracking out his peachy posterior in the music video for Maroon 5's latest track *This Summer's Gonna Hurt Like A Motherf**ker*! "Here it is! Completely uncensored as it should be!" he wrote when he shared the video on Twitter. Hear, hear!

They said what?!

"I received an inflatable life-size Justin Bieber doll... He slept in my room. Nothing happened, though."
We've actually heard that story from several girls, Charli XCX...

"I'm definitely a tea girl... I could drink tea all day long."
Gwen Stefani tries to get herself a British passport.

"Ever since I was really young, I wanted to play a prostitute."
Vanessa Hudgens knows it pays to play...

Nicki's GREAT EXPECTATIONS

Nobody short-changes divalicious Nicki Minaj between the sheets and gets away with it!

Proudly baring her curves in a swimsuit shoot for the July issue of US *Cosmopolitan*, the rapper tells the mag she's not shy about getting what she wants in bed.

"I'm a pleaser, but it's 50-50," she reveals. "I demand that I climax."

We bet she does!

It seems John Mayer and Katy Perry are on again after they were spotted enjoying a Disneyland date last month. "He's told Katy he's not going to mess her around ever again," says our exclusive insider.

ALEXANDER AND ALEXA
They were rumoured to be hooking up last year, but Alexander Skarsgard and Alexa Chung are now on like Donkey Kong! "It is serious and has really heated up," says an insider.

CHRIS AND LILY
After a string of dates with Chris Evans, Lily Collins is back with her actor ex Jamie Campbell Bower. She shared a smoochy selfie with him on Instagram, declaring, "Life works in mysterious ways."

You performed through WHAT?!

The show must go on for Enrique Iglesias, who performed for a further 30 minutes after slicing his fingers open while trying to grab a drone during a performance in Mexico.

Only then was the singer airlifted to hospital.

Well, you know what they say – if it looks like a little helicopter, don't touch it...

Cut that out!
Enrique's injury was so serious he needed reconstructive surgery.

Cruel Intentions 2.0

Cruel Intentions stars Reese Witherspoon, Selma Blair and Sarah Michelle Gellar have reunited for one epic girls' night out!

The pals attended a musical parody of their 1999 flick in LA, with Selma and Sarah even recreating *that* on-screen kiss for an Instragram snap!

"Together again," wrote Selma. Saucy!

Melissa's many faces!

A bunch of hilarious head shots that Melissa McCarthy had taken to help her get work in her mid-20s have come back to haunt her!

"I literally thought I had the only two hard copies," the star lamented after the cringe-worthy photos were unveiled during her appearance on *The Graham Norton Show*. LOL!
